

General Guidelines for Blanket Selection

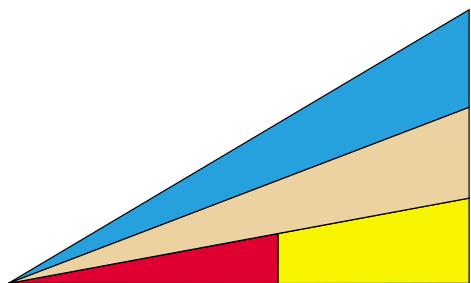

Staple Patterns

Slopes

Slope Limitations For Establishing Vegetation

- 1:1 100% - Vegetation rarely satisfactory
- 2:1 50% - Seedbed preparation limited
- 3:1 33% - Wheeled implements can operate
- 4:1 25% - Better species performance

- = Straw fiber with light weight netting.
- = Straw/Coconut fiber with heavy weight net.
- = Coconut fiber with heavy weight nets.
